

Scheme Member Data Quality

Overview

- TPR requirement that Private Sector schemes measure membership data.
- Expect Public Sector schemes to also measure data quality.
- Poor record-keeping may lead to significant additional costs.

Common Data

- National Insurance Number
- Surname and Forename (or initials)
- Sex
- Date of Birth
- Date Joined Scheme
- Expected Retirement Date

Common Data

- Membership Status
- Last Status Event
- Address (including postcode)

Measures

- Need to ensure that not only data is held but it is valid
